ORCO VARIEGATED BLOCK

The introduction of ORCO Variegated Block brings a natural and holistic alternative to standard wall colors, stucco, and veneers. Its subtle movement brings life to any wall finish — particularly split face and precision. A huge leap forward in wall color technology, ORCO Variegated Block:

- Provides New Color Options for Clients
- Eliminates Secondary Treatments
- Installs Right off the Pallet
- Creates Variegated Color Wash on Smooth Surfaces
- Influences Wall Scale by Combining Size & Texture

NATURAL AND HOLISTIC

ORCO Variegated Block is designed to look natural and holistic. 'Variegated' celebrates the imperfection of nature. As such, there's no color and texture pattern. Holistically, the focal point is the entire wall — not a small section. Therefore, ORCO recommends constructing a mock-up wall that's at least 4' tall and 8' long for approval prior to construction.

TUSCANY SPLIT FACE | STONEGATE MAC MORTAR | WHEAT CAP

MANOR SPLIT FACE | STERLING MAC MORTAR | NATURAL GRAY CAP

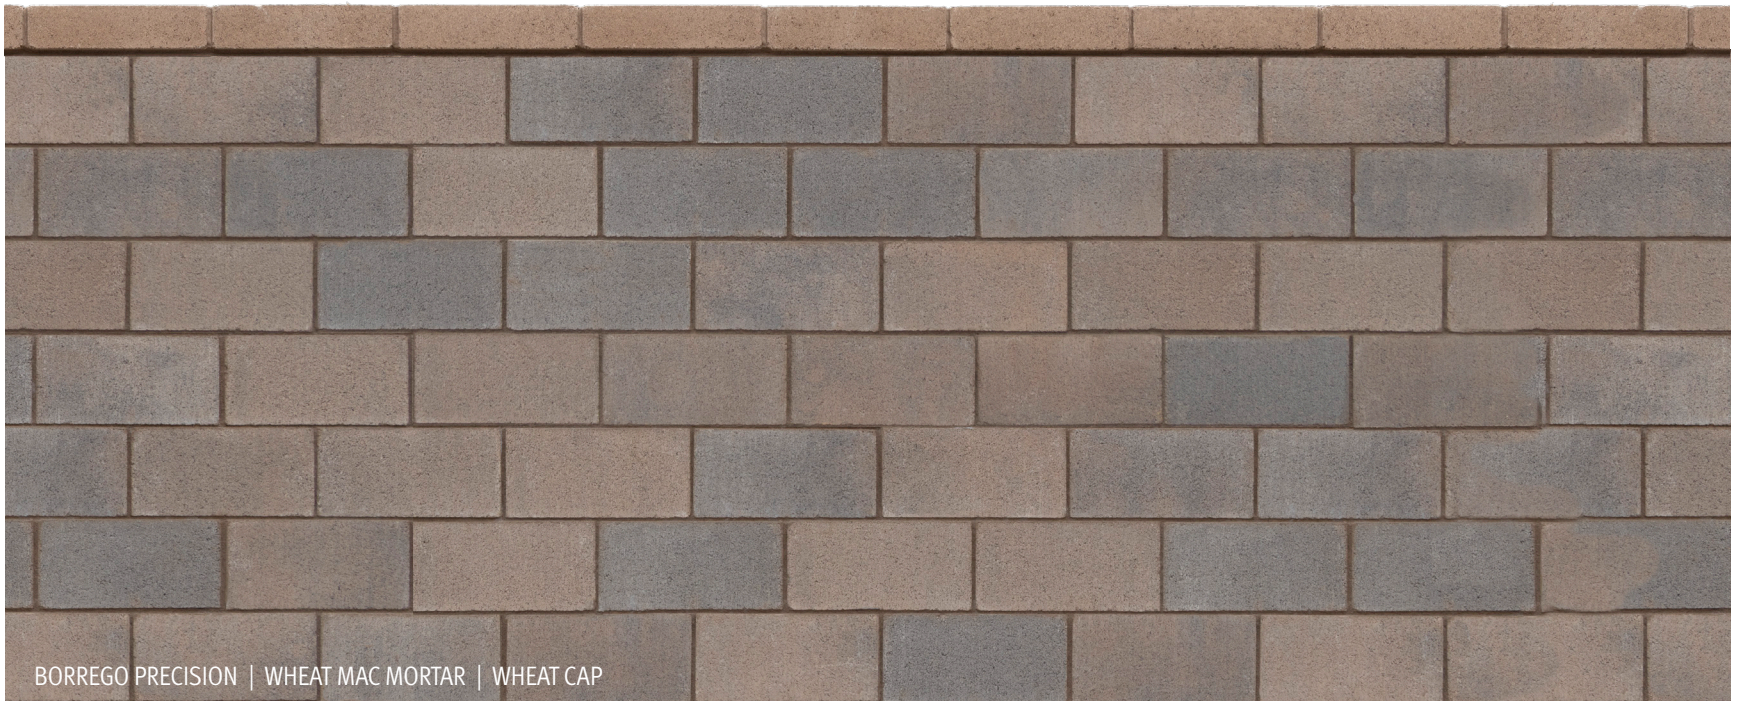

OFF THE PALLET INSTALLATION

Advanced color technology allows the mason to install ORCO Variegated Block right off the pallet without sorting. There's no additional block selection process beyond what's commonly used with single color split face block. The block walls shown here were installed off the pallet.

ORCO offers 4 stock variegated color blends in common configurations — Borrego, Tuscany, Manor, and Versante. Manchester is also available on a special-order basis.

BORREGO

TUSCANY

MANOR

VERSANTE

VERSANTE SPLIT FACE | STONEGATE MAC MORTAR | WHEAT CAP

MANCHESTER

MANCHESTER SPLIT FACE | STERLING MAC MORTAR | STERLING CAP | SPECIAL ORDER BLOCK
